§ 653.104 Services to MSFW family members, farm labor contractors, and crew members.

(a) In addition to other requirements in this subpart, the following special requirements are established for services to MSFW family members, farm labor contractors and crew members. Except as provided at §§ 653.103(e) and 653.105, no local office shall refer an MSFW family or crew unless each working member of the family or crew being referred, has filed either a full or partial application pursuant to § 653.103(b) at a local office or has been issued a JS card in instances set forth in § 653.103(h). Local offices may, upon request, provide general information, e.g., the types of crops in other areas, to farm labor contractors and family heads prior to the registration of all working members.

(b) No local office shall accept an application from an individual for employment as a farm labor contractor or fill an agricultural job order submitted by a farm labor contractor ("FLC") or farm labor contractor employee ("FLCE") unless the FLC or FLCE shows or obtains a valid FLC certificate, or FLCE identification card where required by Federal law, and a valid State certification where required by State law. If a FLC or FLCE is temporarily without his or her valid FLC certificate or FLCE identification card the local office shall try to verify the existence of the valid certificate or identification card by telephoning the State central office and/or the Department of Labor's Employment Standards Administration regional office. The local office, however, shall not serve the FLC or FLCE until the existence of the valid certificate or identification card is verified.

(c) Local offices may refer workers to registered farm labor contractors who

are employers provided that a valid job order has been placed with the local office which clearly specifies all the terms and conditions of employment with the farm labor contractor shown as employer of record. Before a local office may refer workers to a farm labor contractor offering employment in another area of the State or in another State, one of two requirements must be met: Either a valid interstate clearance order from another State agency is on file in the office, or an intrastate order has been received from an office in another area of the State which is not within commuting distance of the office where the farm labor contractor is recruiting workers. Unless one of these conditions exists, the local office may only refer workers to a registered farm labor contractor who is an employer placing a local job order. Whenever the job order includes the provision of transportation, a FLC certificate authorizing transportation must be shown before workers are referred on the order.

§ 653.105 Job applications at day-haul facilities.

If the State agency is operating a day-haul facility under the exceptional circumstances provisions described in § 653.106(a), a list of JS services shall be distributed and a full application shall be completed whenever an MSFW requests the opportunity to file a full application unless this is impractical at that time. In such cases, a full application shall be taken at the earliest practical time. In all other cases, a list of JS services shall be distributed.

§ 653.106 JS day-haul responsibilities.

(a) State agencies shall not establish, operate, or supervise any agricultural day-haul facilities unless exceptional circumstances warrant such action and prior approval of the Regional Administrator is obtained.

(b) No JS applicants shall be referred to non-JS operated day-haul facilities, unless the applicant is referred on a specific job order and is provided with a checklist summarizing wages, working conditions, and other material specifications on the job order. Such checklists, where necessary, shall be in English and Spanish. State agencies

§ 653.107

20 CFR Ch. V (4–1–02 Edition)

shall use a standard checklist format provided by ETA unless a variance has been approved by the Regional Administrator. However, general labor market information on the availability of jobs, the level of activity of agricultural and nonagricultural employment, and crop conditions shall be provided, upon request, to applicants where specific referrals to employment cannot be made.

(c) JS outreach workers shall visit all JS and non-JS operated day-haul facilities with substantial activity during their operation for purposes of providing MSFWs with information and assistance pursuant to § 653.107(j). Monitoring of such activity shall be conducted pursuant to § 653.108(p).

§ 653.107 Outreach.

(a) Each State agency shall operate an outreach program in order to locate and to contact MSFWs who are not being reached by the normal intake activities conducted by the local offices. Upon receipt of planning instructions and resource guidance from ETA, each State agency shall develop an annual outreach plan, setting forth numerical goals, policies and objectives. This plan shall be subject to the approval of the Regional Administrator as part of the program budget plan (PBP) process. Wherever feasible, State agencies shall coordinate their outreach efforts with those of public and private community service agencies and MSFW groups.

(b) In determining the extent of their outreach program, States shall be guided by the following statement of ETA policy:

(1) State agencies should make sufficient penetration in the farmworker community so that a large number of MSFWs are aware of the full range of JS services.

(2) Significant MSFW Local offices should conduct especially vigorous outreach in their service areas.

(3) State agencies in supply States should conduct particularly thorough

outreach efforts with extensive follow-up activities which capitalize on the relatively long duration of MSFW residence in the State.

(c) The plan shall be based on the actual conditions which exist in the particular State, taking into account the State agency's history of providing outreach services, the estimated number of MSFWs in the State, and the need for outreach services in that State. The approval of the Regional Administrator shall be based upon his/her consideration of the following features of the outreach plan:

(1) *Assessment of need.* This assessment of need shall include:

(i) A review of the previous year's agricultural activity in the State.

(ii) A review of the previous year's MSFW activity in the State.

(iii) A projected level of agricultural activity in the State for the coming year.

(iv) A projected number of MSFWs in the State for the coming year, which shall take into account data supplied by CETA 303 grantees, other MSFW organizations, employer organizations and federal and/or State agency data sources such as the Department of Agriculture and the United States Employment Service.

(v) A statement of the consideration given to the State Monitor Advocate's recommendation as set forth in the annual summary developed under § 653.108(t).

(2) *Assessment of available resources.* This assessment of the resources available for outreach shall include:

(i) The level of funds available from all sources, including the funds specifically made available to the State agency for outreach.

(ii) Resources made available through existing cooperative agreements with public and private community service agencies and MSFW groups.

(iii) Where fewer resources are available for outreach than in a prior year, a statement of why fewer resources are available.

(3) *Proposed outreach activities.* The proposed outreach activities shall be designed to meet the needs determined under paragraph (c)(1) of this section
